An Amateurism In Sport: Amateurs and Professionals in Post-War British Sport (Smith 2000) This volume explores different facets of the demands and pressures of professionalism and commercialisation that were part of the post-war 20th century. The NAHS (National Association of High School Students) and the National Society of High School Students (NSHS) are two such organisations that have been instrumental in promoting and supporting the professionalisation of sport in British schools. Each book provides a detailed analysis of the factors that influence these trends and helps to explain the changing nature of sport in Britain. Not only does this book provide an insight into the current state of sport in Britain but it also offers a broader perspective on the role of sport in society.

The Politics of Sport in South Asia: Beginnings, Stability and Change (Dutta 2004) The book examines the political economy of sport in South Asia and its impact on the region’s development. The author provides a comprehensive overview of the role of sport in the region, including its influence on economic development, political stability, and social cohesion. The book also discusses the challenges that the region faces in terms of the commercialisation of sport and the potential for conflict.

The book also discusses the role of sport in the promotion of political agendas and the relationship between sport and politics in Asia.
political and societal ideologies, personality, geography, or society—a mix intensified by fans and the media. From highly publicized and emotionally charged individual competitions to bitterly fought team contests, Rivals illuminates what one historian described as the "essence of sport, covering key topics such as hooliganism, celebrity and gender relations. A broad range of leading academics from Europe and North America reflect on the ways in which Dunning’s work has influenced their own research and understanding of sport. This volume was previously published as a special issue of The Journal of Sport in Society.
